Dear Sirs;

My husband Steve & I have lived in M.C. for 45 years. We raised 2 wonderful children there.

We now are semi-retired, Steve does a little fishing & I am the Post Mistress.

I didn't realize how small Meyers Chuck is until I read in the 'Public Hearing Draft' that we are approx 0.6 square miles of land & Union Bay settlement is not any bigger than that.

Why would the borough of Ketchikan be interested in such a piddie amount of land?

If it is inevitable that the State of Alaska is going to make it mandatory that all unorganized communities be in boroughs. Then I feel very strongly the Union Bay + Meyers Chuck be attached with Wrangell rather than Ketchikan.
