To Whom It may Concern,

As a landowner in Hyder for 27 years, my wife and myself, are firmly against the annexation of Hyder by the Ketchikan Borough District. We have seen our community unite for many goals and purposes over the years, ranging from road maintainance to public school design and implementation. The Hyder Community Association not only manages and facilitates this local growth. and spirit, but encourages diverse individuals to actively participate in leadership positions on its Board. Annexation by Ketchikan will adversely effect the community"s affectiveness and services. Our small community has no growth goals in common with the community of Ketchikan. Frontier Alaska in a rural town should be preserved as valuable and unique to the spirit of individualism.

Sincerely, Dan
