To Whom it may concern;

My husband & I have lived in Meyers Chuck for 45 years on Lot 39 - We raised 2 wonderful boys here.

Living in Meyers Chuck isn't an easy way of life, in the winter the waterline from the lake freezes, we have to supply our own oil for our generators, carry our own propane for refrigeration & cook stoves. We cut & pack our own beach wood for the heaters. Let me tell you it isn't an easy way to live. Why do we live here?? Because we love it!! We commercial fish in the summer to be able to enjoy it & afford it. I used to fish with my husband but now I stay home. I'm the Postmaster here - We receive mail once a week.

I recently took a trip to Wrangell on the new ferry 'Stikine' from Coffman Cove on Prince of Wales Island. Visited the former Postmaster of Meyers Chuck, Marion Glantz & her husband who retired there, they love Wrangell & say it's the best! Also visit another friend Benny Jantowski who lives in the Pioneer Home in Wrangell.

I shopped at the local Hardware store 'Sentry', which handles everything you can imagine. My husband even buys his fishing gear there! Also stopped at 'City Market' (and visited Ben) another great place to shop!

Wrangell is our choice of Drought they don't act like Bullies like the A.G.B. Isn't that what life is all about - choices - If you listen to the people of Meyers Creek you will know how we ALL feel, because it is a 100% choice!!

We have also had repair work done on our outboard motor at Business Bros. in Wrangell.

We also have monthly visits from the M.V. 'CHRISTIAN', for our devot- in the community.
