

Dear folks @ Boundary Comm.
I have been a full time
Resident of Meyers
Chuck for the last third
of a century without being
in any borough which is
the way I believe it should
remain, no taxation without
representation sounds fair
to me, there are no services
provided from anywhere,
there is not even any roads
any where near Meyers Chuck.
Nevertheless here I am
requested to choose between
Ketchikan & Wrangell. I
believe Wrangell to be the
lesser of the two evils
with Prince of Wales
making more sense than
either of those options.

Sincerely,
Robert L. Hunley
