To Whom it may concern;

My husband & I have lived in Meyers Chuck for 45 years on Lot 39 - We raised 2 wonderful boys here.

Living in Meyers Chuck isn't an easy way of life, in the winter the waterline from the lake freezes, we have to supply our own oil for our generators, carry our own propane for refrigeration & cook stoves. We cut & pack our own beach wood for the heaters. Let me tell you it isn't an easy way to live. Why do we live here?? Because we love it!! We commercial fish in the summer to be able to enjoy it & afford it. I used to fish with my husband but now I stay home. I'm the Postmaster here - We receive mail once a week.

I recently took a trip to Wrangell on the new ferry "Stikine" from Coleman Cove on Prince of Wales Island. Visited the former Postmaster of Meyers Chuck, Marion Glantz & her husband who retired there, they love Wrangell & say it's the best! Also visit another friend Betty Jantowski who lives in the Pioneer Home in Wrangell.

I shopped at the local Hardware store,
Sentry, which handles everything you can
engine. My husband even buys his fishing
gear there! Also stopped at 'City Market'
(and visited Ben) another great place to shop!

Wrangell is our choice of Droughts they
don't act like Bullies like the KGB.
Isn't that what life is all about
- choices - If you listen to the people
of Meyers Chuck you will know how
love All year, because it is a
100% choice!!
