**MAP NOTES**  
 This map was prepared by the Copper River Basin Regional Housing Authority (CRBHA) in cooperation with the Alaska Department of Commerce, Community and Economic Development, (Commerce) using funding from CRBHA, Ahna Incorporated, and funding from the Initiative for Accelerated Infrastructure Development (IAID). The IAID is supported by grants from the Denali Commission, USDA Rural Development, Alaska Department of Transportation and Public Facilities and Commerce. The Copper River Basin Regional Housing Authority contracted McIntock Land Associates, Inc. in May of 2005 to prepare the map.

This map was compiled to meet horizontal and vertical accuracy in accordance with national map accuracy standards.

Property and utility information has been generated from readily available sources with limited accuracy checks. Property information is not intended to represent a title search of the Records Office record. Utility location is approximate and shows only the main lines. Generally, the information is current as of December 2005.

This map is based on photography acquired on June 16, 2005 at a nominal scale of 1 in = 800 ft. Orthophotos and topographic mapping were prepared by McIntock Land Associates and Aeromap, Inc.

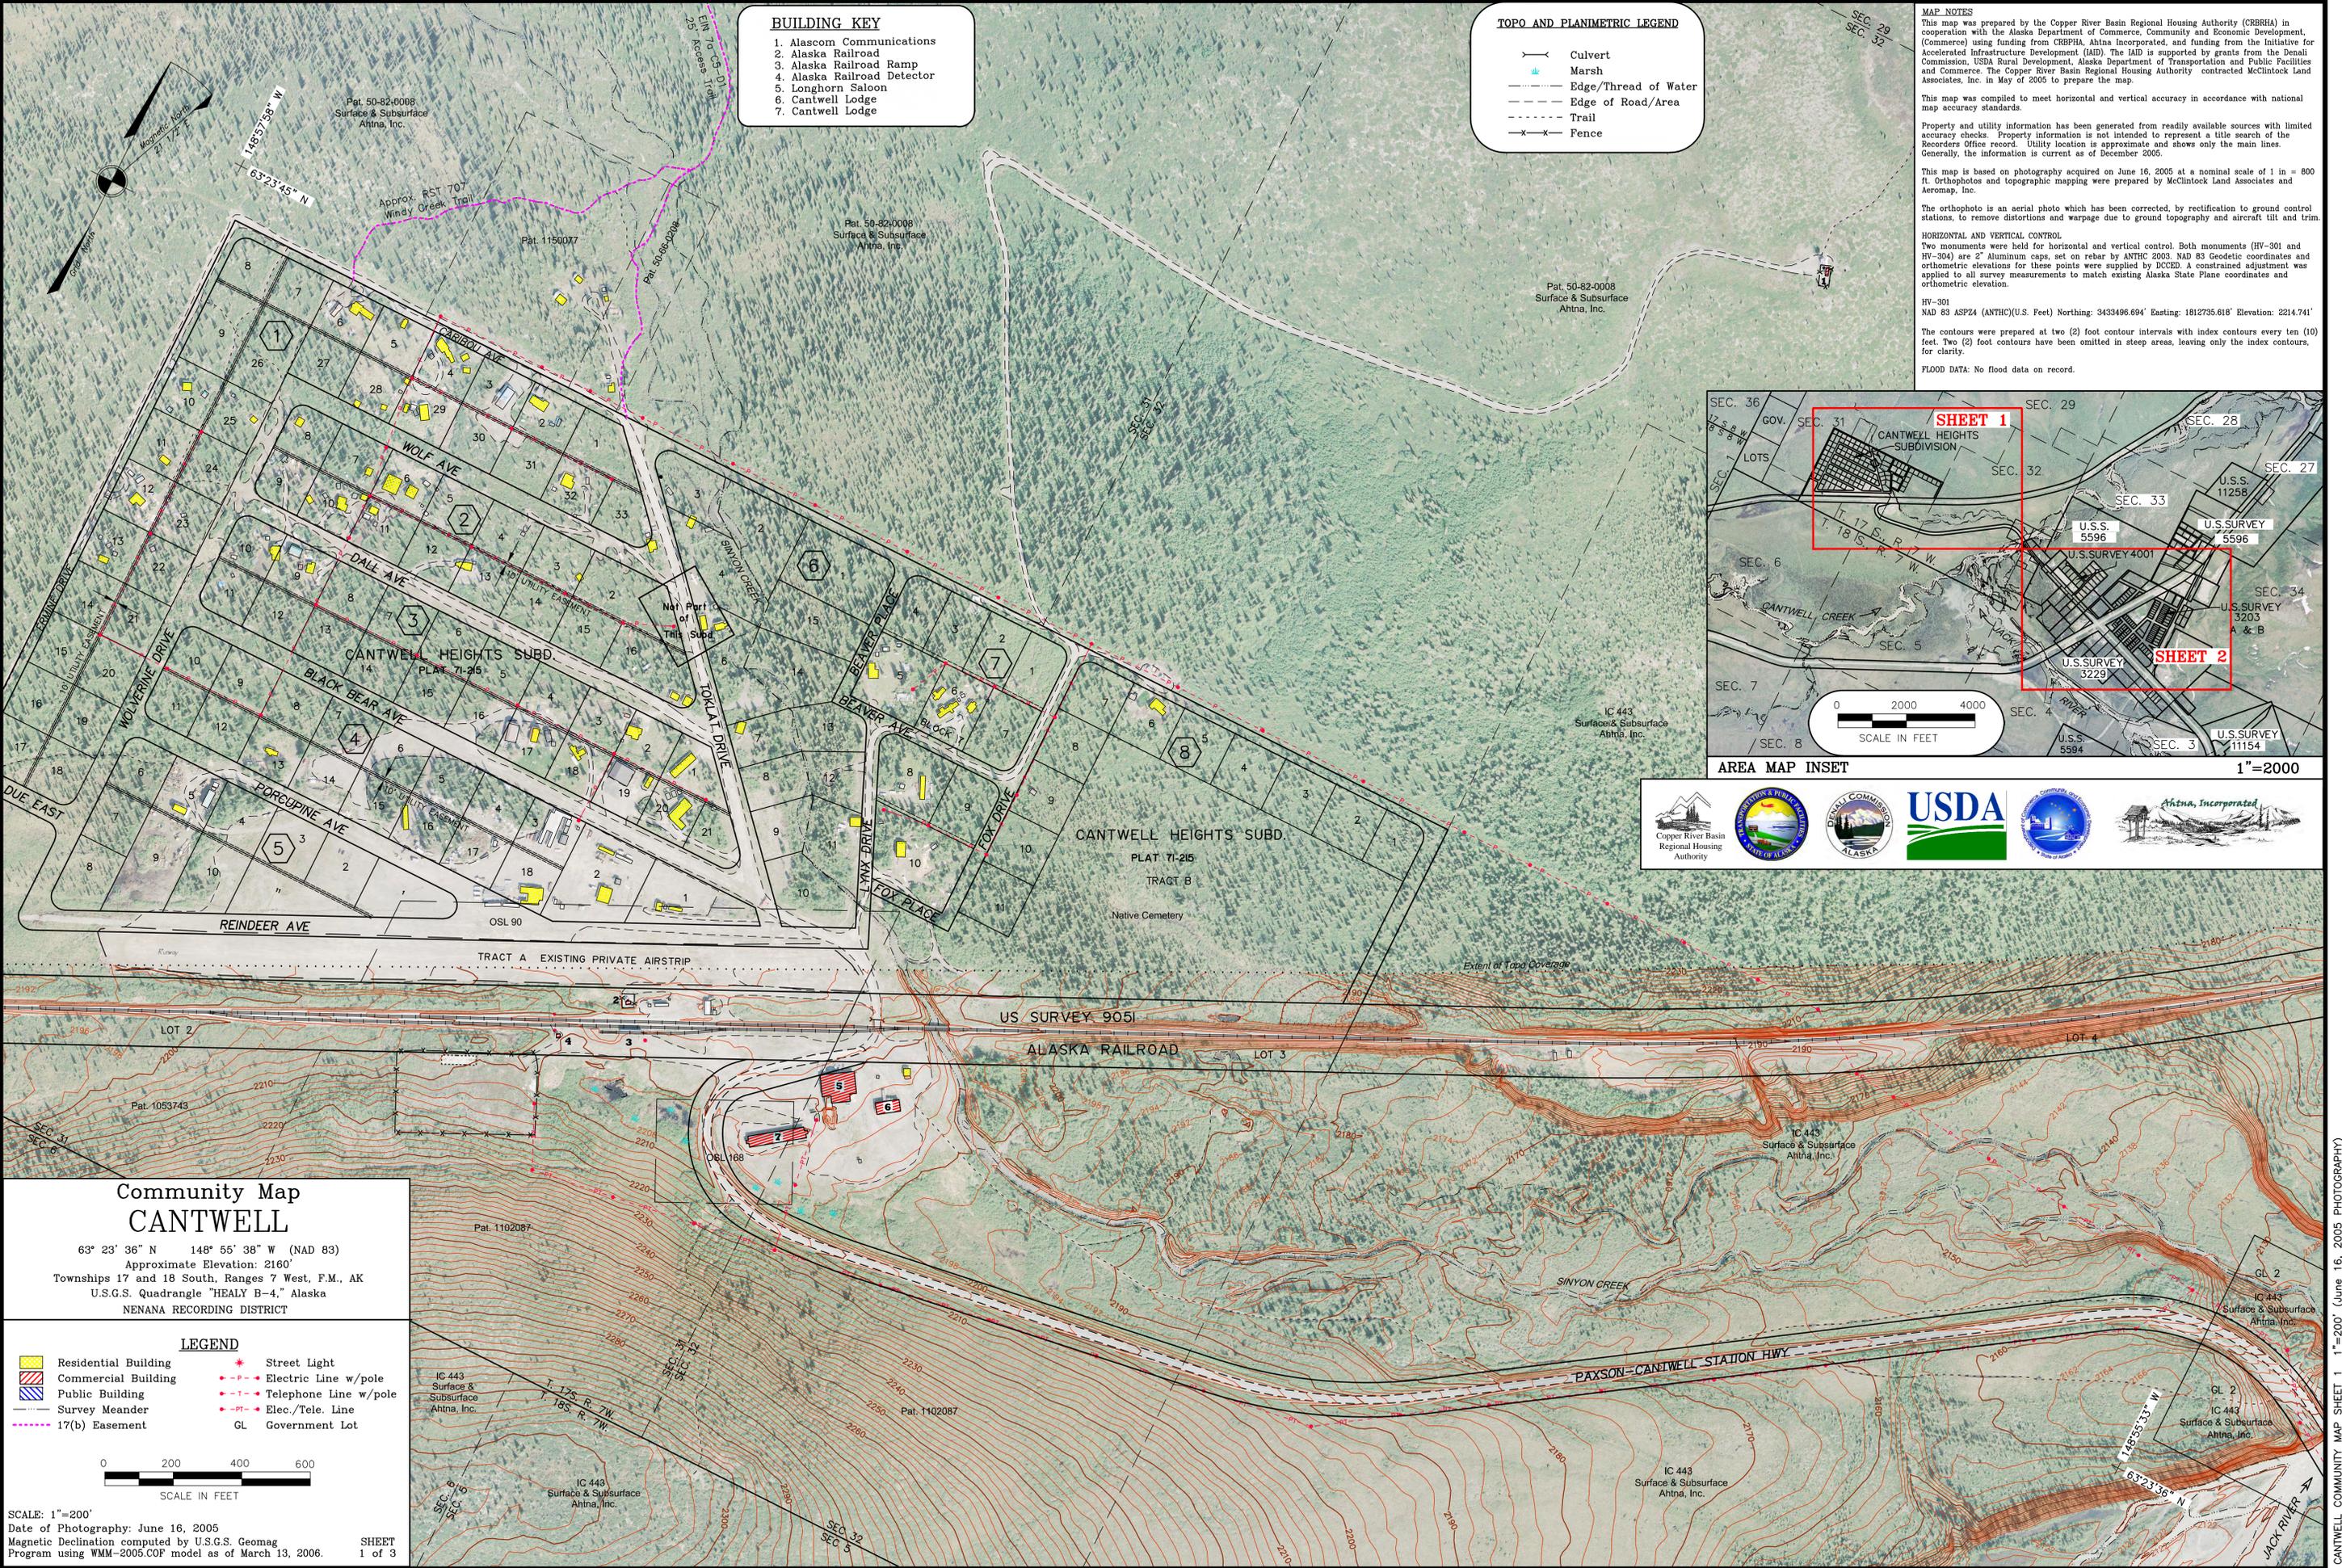

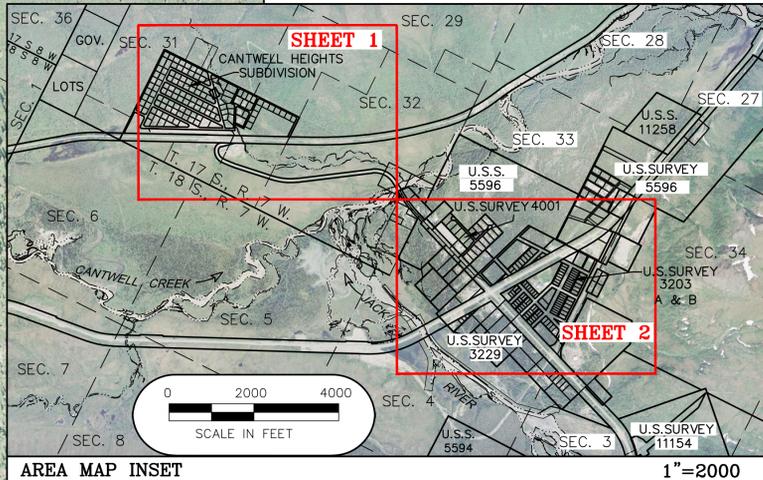

The orthophoto is an aerial photo which has been corrected, by rectification to ground control stations, to remove distortions and warpage due to ground topography and aircraft tilt and trim.

**HORIZONTAL AND VERTICAL CONTROL**  
 Two monuments were held for horizontal and vertical control. Both monuments (HY-301 and HY-304) are 2" Aluminum caps, set on rebar by ANHC 2003. NAD 83 Geodetic coordinates and orthometric elevations for these points were supplied by DCCED. A constrained adjustment was applied to all survey measurements to match existing Alaska State Plane coordinates and orthometric elevation.

HY-301  
 NAD 83 ASP24 (ANTHC)(U.S. Feet) Northing: 3433496.694' Easting: 1812735.618' Elevation: 2214.741'

The contours were prepared at two (2) foot contour intervals with index contours every ten (10) feet. Two (2) foot contours have been omitted in steep areas, leaving only the index contours, for clarity.

FLOOD DATA: No flood data on record.

**Community Map CANTWELL**

63° 23' 36" N 148° 55' 38" W (NAD 83)  
 Approximate Elevation: 2160'
