

COMMUNITY MAP CIRCLE

65° 50' N 144° 04' W Elevation 610' (at airstrip)

The preparation of this document was financed through an appropriation from the Alaska State Legislature to the Department of Community and Regional Affairs, Municipal and Regional Assistance Division, 1990.

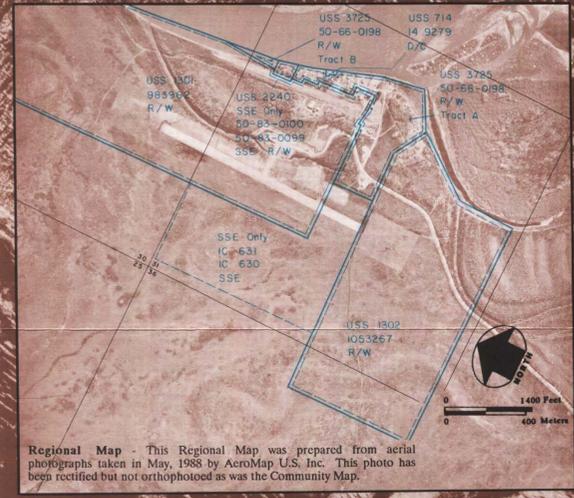

Community Map - This map is useful in illustrating land use patterns, land status, the location of utility lines, water resources, waste disposal sites, public facilities, and other community improvements. It also provides an understanding of some of the natural features and hazards that affect community improvement and expansion.

This orthorectified map shown here was prepared from aerial photography taken in May, 1988 by AeroMap U.S. Inc. An orthorectified aerial photograph is one in which distortions that are present in the original photographs (distortions in aerial photographs can be caused by errors in or tilt as the photos are being taken and changes in ground elevation).

The advantage of orthorectified maps is that they are more accurate than the original aerial photographs from which they are made. As a result, the location of structures shown or measurements obtained from orthorectified maps are more accurate. For example, a distance measured between two points on an orthorectified map will nearly match the surveyed distance between the same two points.

Property and utility information has been generated from many sources and may contain minor inconsistencies. These maps should not be considered as surveys and no surveys and investigations should be conducted prior to any construction.

Flooding Note: The 1989 high water mark is 599.8 ft. (National Geodetic Vertical Datum). There is a survey marker embedded in a concrete pad at the SW entrance of the White building downstream of the Yukon Trading Post.

Regional Map - This Regional Map was prepared from aerial photographs taken in May, 1988 by AeroMap U.S. Inc. This photo has been rectified but not orthorectified as was the Community Map.

1. School Utility - Storage/Abatement
2. Library
3. School Classrooms
4. Basketball Court
5. Calvary's Northern Plains Mission
6. Circle Fish Company Processing Building
7. River View Motel
8. Yukon River Trips
9. Yukon Trading Post/Post Office Bar/Cafe/General Store
10. Chevron Gas Pump
11. Garage
12. Fire Hall
13. Blacksmith Shop
14. Windless Station Bldg. School Facility
15. N.C. Company Office/Store/Residence
16. Toolshed
17. Power House
18. Gas Pump
19. Clinic
20. Community Center
21. Holy Trinity Church
22. Council Bluffs Condominiums/Residential
23. Windmill Large Line Storage

Land Use (From Field Survey July 1988)

- Residential
- Commercial
- Public
- Public Use Area
- Multiple Use
- Vacant Structure
- Under Construction

Note: Structures not outlined or color coded have been determined to be minor accessory structures or dilapidated buildings

- Generator
- Transmission Lines (above ground)
- Street Light
- Lot Line
- Survey Line (BLM or AK Div. of Land and Water Management; numbers refer to U.S. Surveys)
- Land Status Line (BLM or AK Div. of Land and Water Management; numbers refer to applications, patents, etc.)
- Right-of-way
- Water Line
