

Community Map EGEGIK

58°13'N 157°22'W Elevation 100'

The preparation of this document was financed by a special legislative appropriation for the Department of Community and Regional Affairs, administered by the Division of Community Planning.

Note: These maps have been prepared from uncontrolled aerial photographs. Scale is approximate and minor distortion may exist. Property and utility information has been generalized from many sources and may contain minor inconsistencies. These maps should not be construed as surveys. On-site investigations should be conducted prior to construction.

Community Map The profile maps are useful in illustrating land use patterns, land status, location of power lines, water resources, waste disposal sites, and public facilities. They also provide an understanding of some of the natural features and hazards that affect the community. This information is very important in planning for community improvements and expansion.

The Community Map shown here was prepared from an aerial photograph taken in 1974 by BLM at a height of 8400 feet and enlarged to a scale of 1:2400 (1" = 200'). The Area Map was prepared from the same photo and reproduced at a scale of 1:16800 (1" = 1400').

Flood Data
Area that would be inundated by a flood with a frequency of approximately 100 years.

NOTES:

- Flood hazard work was performed by the Alaska District Corps of Engineers at the request of and funded by the Federal Insurance Administration.
- The flood hazard area shown hereon is based on meager data, plus a minimum of historical flooding information and should be considered as preliminary.
- The major flooding that occurs at this location is the result of stream overflow and spring ice jams.
- Any levees or dikes were considered in delineating the approximate 100-year flood.

February 1975

- Diamond E Cannery
- Egegik Trading Company
- Egegik Bar (open only in summer)
- Treico Dock (privately owned)
- Egegik Liquor Store
- Egegik Seafoods Cannery
- Egegik Seafoods Store
