

Community Map KLUKWAN

59°24'00"N 135°53'30"W Elevation 91'

The preparation of this document was financed by a special legislative appropriation for the Department of Community and Regional Affairs, administered by the Division of Community Planning.

Community Map - The profile maps are useful in illustrating land use patterns, land status, location of power lines, water resources, waste disposal sites, public facilities and other improvements. They also provide an understanding of some of the natural features and hazards that affect the community. This information is very important in planning for community improvements and expansion.

The Community Map shown here was prepared from an uncontrolled aerial photograph taken in 1982 by CH2M Hill, at a scale of 1" = 1000' and enlarged to a scale of 1" = 200'. The Area Map was prepared from the same photograph and reproduced at a scale of 1" = 1000'. The scale is approximate and minor distortion may exist. Property and utility information has been generalized from many sources and may contain minor inconsistencies. These maps should not be construed as surveys; on-site investigations should be conducted prior to construction.

Flood Data

Area that would be inundated by a flood with a frequency of approximately 100 years.

NOTES:

- Flood hazard work was performed by the Alaska District Corps of Engineers at the request of and funded by the Federal Insurance Administration.
- The flood hazard area shown hereon is based on meager data, plus a minimum of historical flooding information and should be considered as preliminary.
- The major flooding that occurs at this location is the result of stream overflow and spring ice jams.
- Any levees or dikes were considered in delineating the approximate 100-year flood.

February 1975

- Residential
- Commercial
- Public
- Public Use Area
- Multiple Use
- Vacant Structure
- Generator
- Power Poles
- Transmission Lines (above ground)
- Transmission Lines (buried)
- Transformers
- Street Lights
- Earth Station
- Fuel Storage
- Survey Line
- Land Status Line
- Lot Line
- Water Line
- Hydrant
- Water Tanks
- Sewer Line
- Septic Tank
- Leach Field

Note: Structures not outlined or color coded have been determined to be minor accessory structures and/or dilapidated buildings.

- #### CLAN HOUSES
1. Perpee's Gas Station
 2. School
 3. Firehall
 4. Tribal house/IRA office
 5. Generator plant
 6. Assembly of God Church
 7. ANS hall
 8. Christian Store
 9. Artifacts storage
 - A. Killer Whale House
 - B. Wolf House
 - C. Salmon Hole House
 - D. Frog House
 - E. Eagle Nest House
 - F. Drum House
 - G. Wolf House
 - H. Valley House
 - I. Raven House
 - J. Whale House
 - K. Dorsal House
 - L. Bear House
 - M. Killer Whale House
 - N. Thunderbird House
