Map Notes
 This map was prepared by the Yukon Delta Fisheries Development Association (YDFDA) in cooperation with the Alaska Department of Commerce, Community and Economic Development (Commerce) using funding from the Initiative for Accelerated Infrastructure Development (IAID). The IAID is supported by grants from the Denali Commission, USDA Rural Development, Alaska Department of Transportation and Public Facilities and Commerce. The Yukon Delta Fisheries Development Association contracted with Global Positioning Services, Inc. in May of 2006 to prepare the map.
Proposed Water and Sewer Projects
 The water and sewer lines shown on this map were compiled from drawings provided by CE2 Engineering prior to the final construction of the projects and are approximate locations. As-built drawings should be consulted upon their completion in the fall of 2007.
