

# Community Map NUNAM IQUA

62° 32' N 164° 51' W Elev 11'(airport)  
Township 28 North, Range 84 West, S.M., AK

**MAP NOTES**  
The Governor requested and the Alaska State Legislature appropriated to the Department of Community and Regional Affairs (DCRA) funding for the community profile maps shown here. DCRA contracted with R&M Consultants, Inc. in February, 1994 to design and prepare the maps.

This map is based on an orthophotograph prepared from aerial photography taken in June, 1994 by AeroMap U.S. The orthophoto is an aerial photograph which has been corrected (rectified) by removing the distortions present in the original photograph; distortions can result from aircraft tilt and from changes in ground elevation.

These maps should not be construed as surveys. On-site surveys should be conducted prior to engineering or construction.

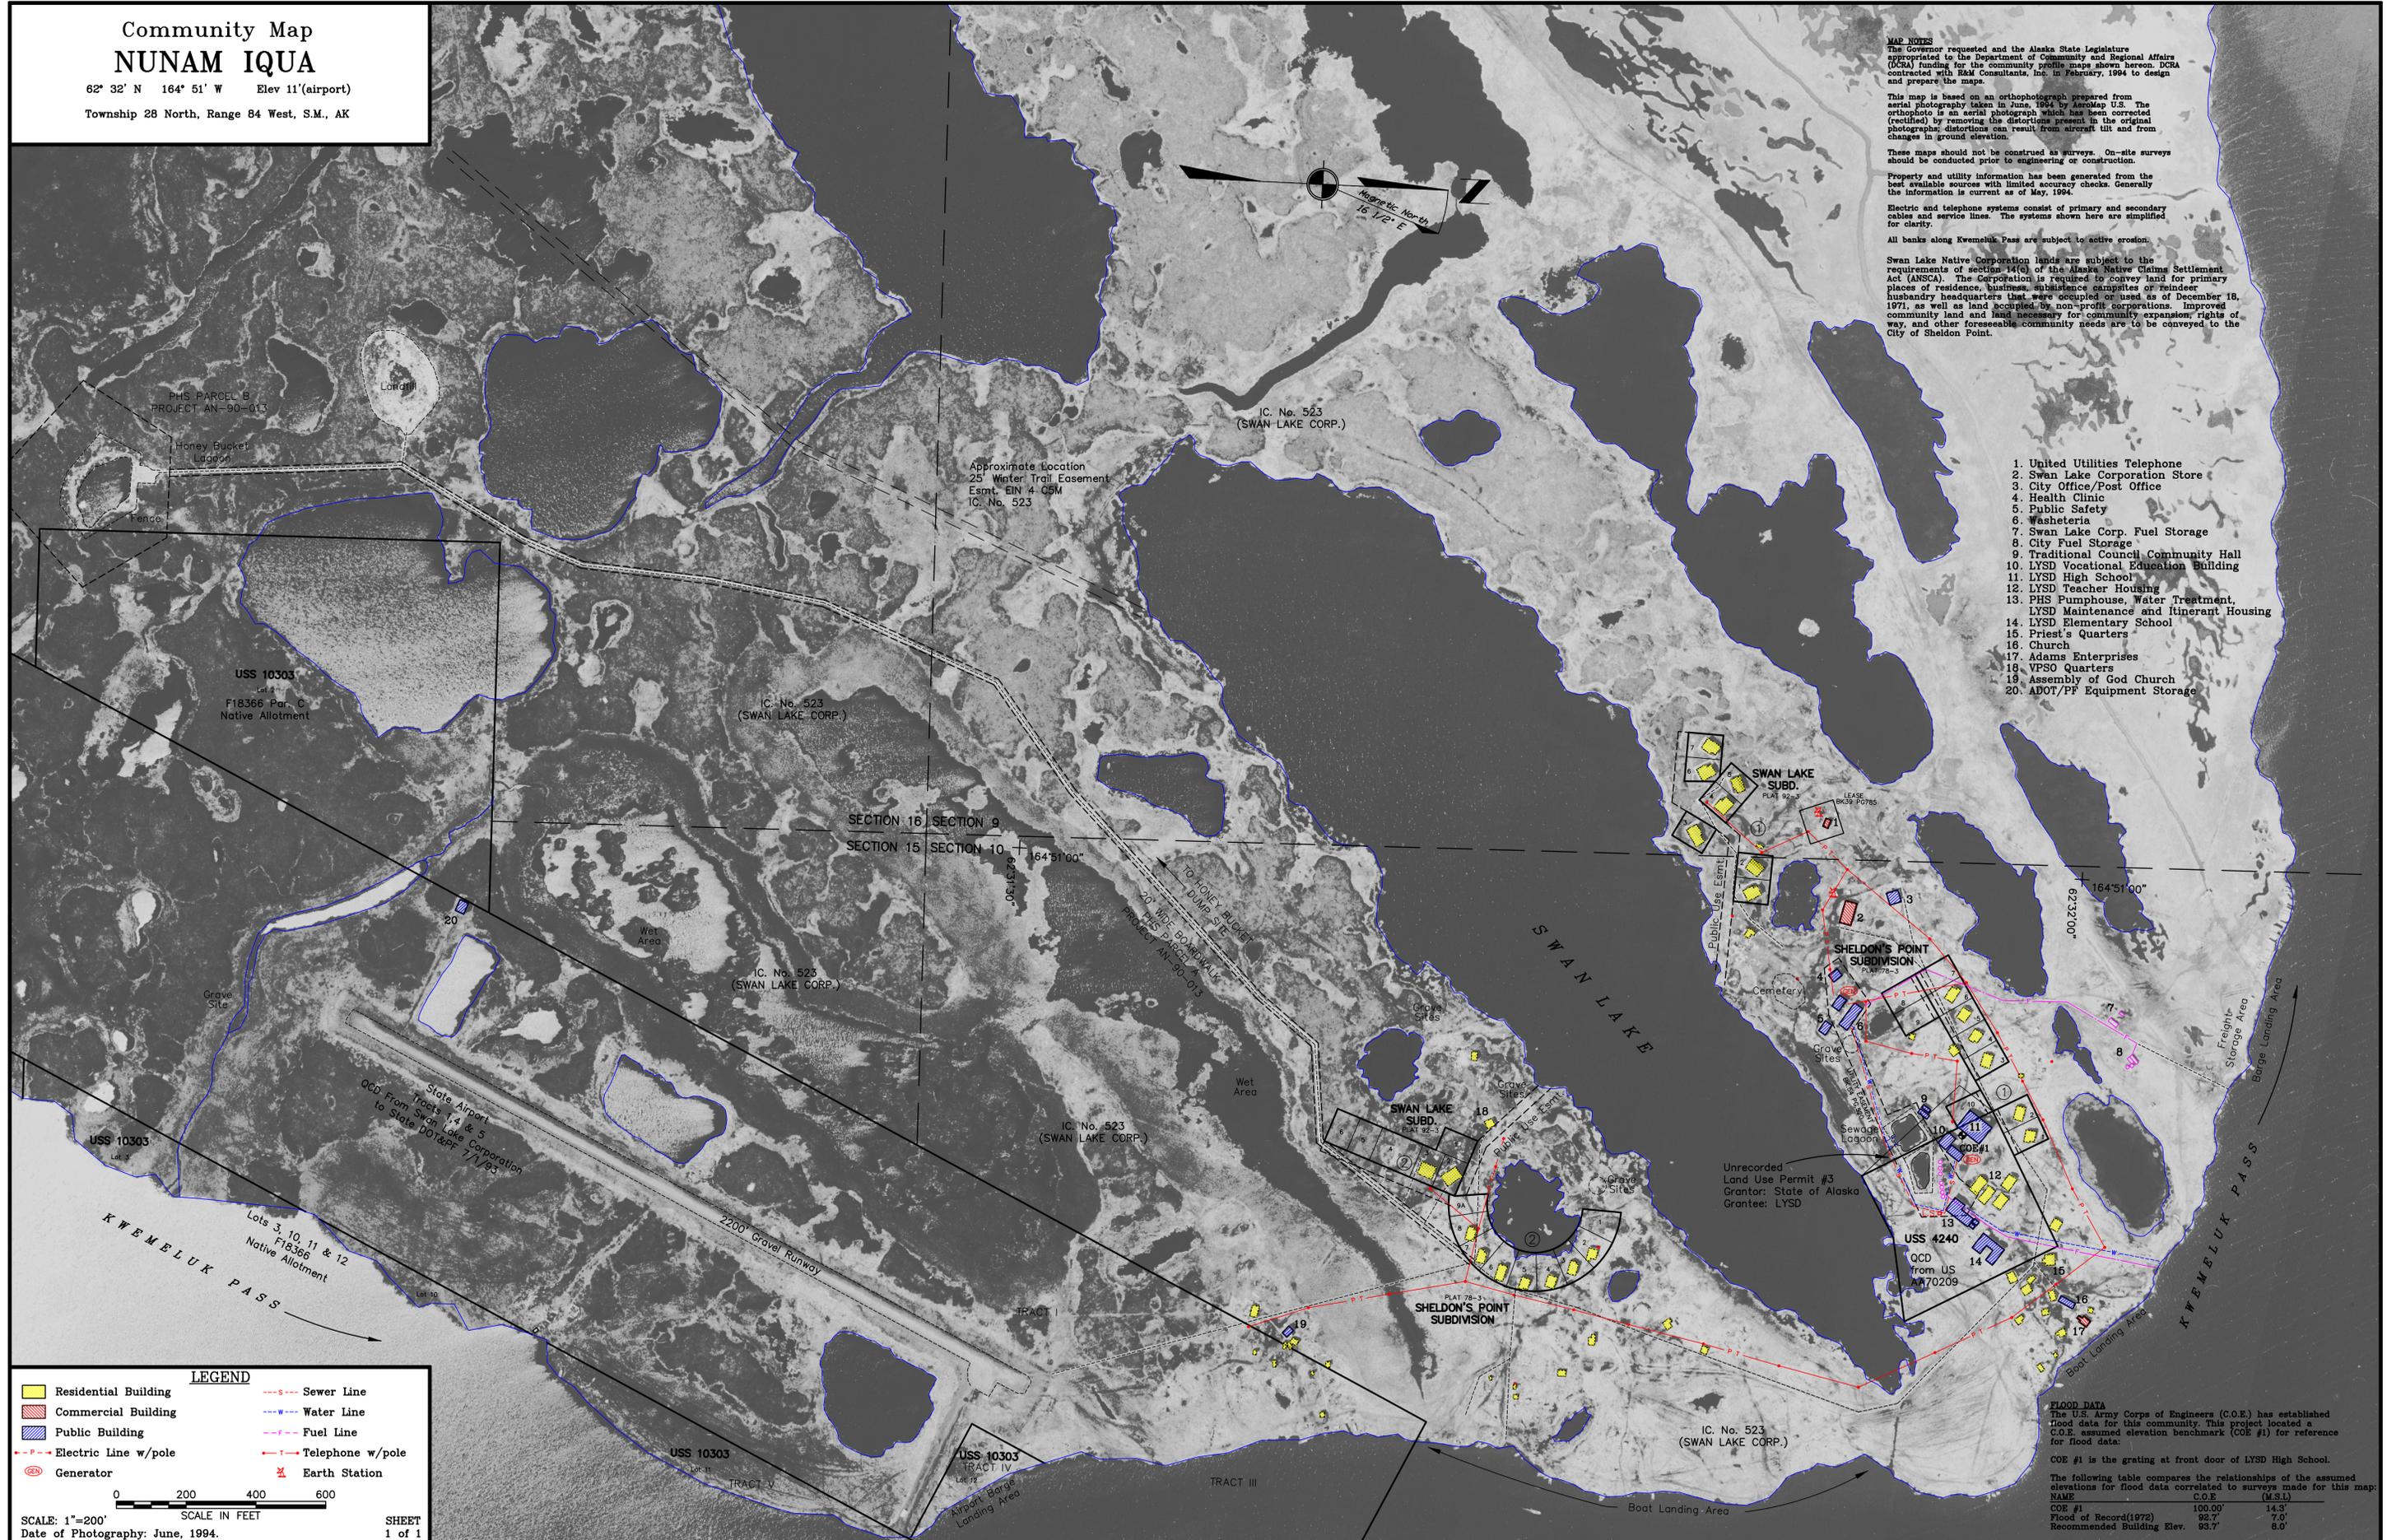

Property and utility information has been generated from the best available sources with limited accuracy checks. Generally the information is current as of May, 1994.

Electric and telephone systems consist of primary and secondary cables and service lines. The systems shown here are simplified for clarity.

All banks along Kwemeluk Pass are subject to active erosion.

Swan Lake Native Corporation lands are subject to the requirements of section 14(c) of the Alaska Native Claims Settlement Act (ANCSA). The Corporation is required to convey land for primary places of residence, business, subsistence campsites or reindeer husbandry headquarters that were occupied or used as of December 18, 1971, as well as land occupied by non-profit corporations. Improved community land and land necessary for community expansion, rights of way, and other foreseeable community needs are to be conveyed to the City of Sheldon Point.

1. United Utilities Telephone
2. Swan Lake Corporation Store
3. City Office/Post Office
4. Health Clinic
5. Public Safety
6. Washeteria
7. Swan Lake Corp. Fuel Storage
8. City Fuel Storage
9. Traditional Council Community Hall
10. LYSD Vocational Education Building
11. LYSD High School
12. LYSD Teacher Housing
13. PHS Pumphouse, Water Treatment, LYSD Maintenance and Itinerant Housing
14. LYSD Elementary School
15. Priest's Quarters
16. Church
17. Adams Enterprises
18. VPSO Quarters
19. Assembly of God Church
20. ADOT/PF Equipment Storage

**FLOOD DATA**  
The U.S. Army Corps of Engineers (C.O.E.) has established flood data for this community. This project located a C.O.E. assumed elevation benchmark (COE #1) for reference for flood data:

COE #1 is the grating at front door of LYSD High School.

The following table compares the relationships of the assumed elevations for flood data correlated to surveys made for this map:

NAME	C.O.E. (M.S.L.)	14.3'
COE #1	100.00'	14.3'
Flood of Record(1972)	82.7'	7.0'
Recommended Building Elev.	93.7'	8.0'
