NOTE:
Street names shown hereon were referenced from Plat No. 95-15, a Record of Survey for the Point Hope Water and Sewer Project, recorded in the Barrow Recording District on 12/14/1995.

The Record of Survey notes that street names were provided by the North Slope Borough, G.I.S. Planning Department.

MAP NOTES
This map was prepared by the North Slope Borough in cooperation with the Alaska Department of Commerce, Community, and Economic Development using funds provided by the Coastal Impact Assistance Program, State of Alaska, and North Slope Borough. North Slope Borough contracted with Global Positioning Services Incorporated in May of 2013 to prepare the map.

This map should not be construed as a survey. On-site surveys should be conducted prior to engineering or construction. This map was complied to meet horizontal and vertical accuracy in accordance with national map accuracy standards.

Property and utility information has been generated from readily available sources with limited accuracy checks. Property information is not intended to represent a title search of the Recorder's Office record. Utility location is approximate and shows only the main lines. Generally, the information is current as of September 2013. North Slope Borough provided sanitation and facility records.

This map is based on photography acquired on August 20, 2013, at a nominal scale, of 1 in = 800 ft. Quantum Spatial prepared the orthophoto and topographic mapping. The topographic contours were prepared at two (2) foot intervals with index contours every ten (10) feet.

HORIZONTAL AND VERTICAL CONTROL
The horizontal and vertical control station for this digital map and orthophoto was an NGS GPUS solution for GPS Inc. TBM "BASE 1". The horizontal datum NAD 1983 coordinates for this TBM are North 68° 20' 43.1671" and West 166° 47' 15.3900" and the elevation is 31.47 feet.

The mapping of the community of Nostak has been adjusted to this control using high-precision GPS methods and the adjusted coordinates and elevation for N.G.S. Brass Cap "POINT HOPE 1950," were calculated to establish a local control reference. The NAD 1983 coordinates for this monument are North 68° 20' 44.1034" and West 166° 48' 25.3128" and the elevation is 14.50 feet.

This map projection is based upon NAD 83, ASP Zone 8 as expressed in US Survey Feet.
