

COMMUNITY MAP QUINHAGAK

59° 45' N 161° 55' W Elevation 20'

The preparation of this document was financed through an appropriation from the Alaska State Legislature to the Department of Community and Regional Affairs, Municipal and Regional Assistance Division, 1990.

Community Map - This map is useful in illustrating land use patterns, land status, the location of utility lines, water resources, waste disposal sites, public facilities and other community improvements. It also provides an understanding of some of the natural features and hazards that affect community improvement and expansion.

The orthophoto map shown here was prepared from aerial photography taken in 1990 by Aero Map U.S. An orthophoto is an aerial photograph which has been corrected (rectified) by removing the distortions that are present in the original photographs. Distortions in aerial photographs can be caused by aircraft tip or tilt as the photos are being taken, and changes in ground elevation.

The advantage of orthophotos is that they are more accurate than the original aerial photographs from which they are made. As a result, the location of structures shown, or measurements obtained from orthophotos are more accurate. For example, a distance measured between two points on an orthophoto will nearly match the surveyed distance between the same two points.

Property and utility information has been generated from many sources and may contain minor inconsistencies. These maps should not be construed as surveys and on-site surveys and investigations should be conducted prior to any construction.

Quinhagak Settlement 1878
The location of Quinhagak Substation was Adjusted 24 East from the Original - Notes: Station Structure - Structures - Facilities - Equipment - Survey Completion of This Document - Additional Field Surveys May be Required to Accurately Put Together All Parts

Regional Map - This Regional Map was prepared from aerial photographs taken in May 1983 by Aero Map U.S. This photo has been rectified but not orthophotocoded as was the Community Map.

KUSKOKWIM BAY

QUINHAGAK MUNICIPAL BOUNDARY

Beginning at a point where the mean low waterline of Kuskokwim Bay intersects with the section line extended, continue to Section 5, 6, 7, and 8, U.T. 5 S., 10° 14' W., Second Meridian, Alaska, thence east to the southeast corner of Section 9, T. 5 N., R. 14 W., thence north to the southeast corner of Section 10, T. 5 S., R. 14 W., thence west along the section line corner to Section 17, 18, 19, and 20, T. 5 S., R. 14 W., to the point where it intersects with the mean low waterline of Kuskokwim Bay, thence north along the mean low waterline of Kuskokwim Bay to the point of beginning, containing six square miles more or less.

Land Use (From Field Survey June 1990)

- Residential
- Commercial
- Public
- Public Use Area
- Multiple Use
- Vacant Structure

Note: Structures not outlined or color coded have been determined to be minor accessory structures or dilapidated buildings.

- Boardwalk
- Waterline
- Watering Point
- Sewerline
- Sewage Bunker
- Fuel Line
- Powerline
- Telephone Line
- Pole
- Pedestal
- Pad Mounted Transformer
- Earth Station
- Flood Hazard Area
