

# AREA MAP

# COMMUNITY MAP OF TATITLEK, ALASKA

**At Center of Airstrip**  
 Latitude: 60°52'16" N. Longitude: 146°41'12" W.  
 1927 North American Datum  
 Elevation is approximately 50 feet above sea level.

Prepared by McClintock Land Survey & Planning Company for the Regional Resource Management Commission, December, 1989.

The preparation of this profile was financed by funds from the Administration for Native Americans and the Bureau of Indian Affairs.

This map has been prepared from post-photo controlled aerial photography but is not an orthophoto. Although scaling is better than if an uncontrolled photo had been used, some distortion may exist. Property and utility information has been compiled from many sources and may contain inconsistencies. Users must, therefore, always field-check the specific site before any construction.

Structures not outlined or color-coded are abandoned, unusable, or are minor accessory buildings. For clarity, individual utility service lines are not shown. The base photo was taken on July 10, 1986.

## RESOURCE MAP A

- BLACK BEAR HUNTING
- DEER HUNTING
- FURBEARER HUNTING/TRAPPING
- MARINE MAMMAL HUNTING
- SALMON FISHING
- CRAB & SHRIMP FISHING

NOTE: THIS MAP PREPARED FROM RESOURCE MAPS DEVELOPED BY THE ALASKA DEPARTMENT OF FISH AND GAME AS PART OF THE 1988/89 TATITLEK SUSTAINANCE USE STUDY. UNDOCUMENTED USE OF AREAS OTHER THAN THOSE DEPICTED MAY OCCUR. CONSULT WITH THE TATITLEK IRA COUNCIL FOR DEFINITIVE INFORMATION. SINCE RESOURCE USE AREAS ARE KNOWN TO CHANGE OVER TIME, THIS MAP SHOULD BE PERIODICALLY REVISED. ALTHOUGH MANY AREAS AROUND THE PRINCE WILLIAM SOUND ARE USED FOR SUSTAINANCE, AREAS SHOWN HEREON ARE MOST RELIABLE.

ACE 6190176
