

Community Map TYONEK

61°4' N 151°8' W Elevation 110' (at airstrip)

Prepared by Darbyshire & Associates with Northwest Cartography, Inc. under contract with the Alaska Department of Community and Regional Affairs, October 1981.

Maps are useful in illustrating land use patterns, ownership, location of utilities and in planning for future village improvements. The Community Map shown here was prepared from a North Pacific Aerial Surveys, Inc. aerial photograph taken in 1980. This map displays the utilities, residential and commercial development, public facilities, and portrays other information as of July 1981. This kind of data may be useful in developing plans for community growth and expansion, and in understanding some of the natural and man-made features that affect the community (e.g., erosion, source of water supply, location of waste disposal sites, etc.).

LAND USE (from field survey, July 1981)

- Residential
- Community
- Community Use
- Commercial
- Indicates Approximate Area
- Area Subject To Erosion
- Survey/Lot Lines and Numbers

ELECTRICITY

- Power Line (above ground; from field survey)*
- Power Line (buried)*
- Transformer
- Power Pole (shown only in area near village)

WATER

- Water Line (buried)*
- Hydrant

SEWER

- Drainfield
- Septic Tank

PHONE

- Phone Line (buried)*
- Public Phone

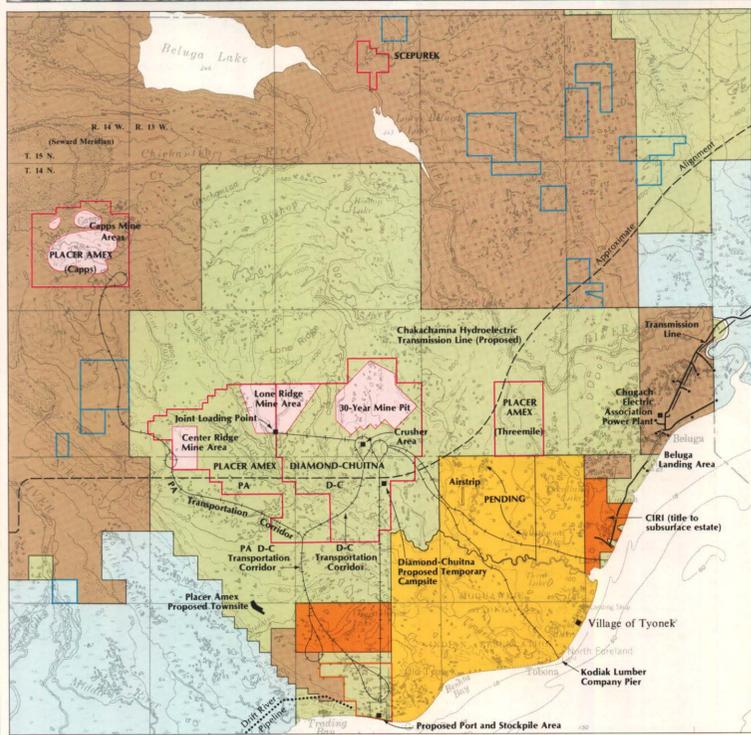

*For clarity, individual service lines are not shown.

NOTE: Structures not outlined or color coded have been determined to be minor accessory buildings (such as steambaths and smokehouses) or dilapidated structures.

This map has been prepared from uncontrolled aerial photographs. Scale is approximate and some distortion may exist. Property and utility information have been generalized from many sources and may contain inconsistencies. This map should not be construed as a survey. On-site investigations should be conducted prior to construction.

The preparation of this profile was financial in part by funds from the Office of Coastal Zone Management, National Oceanic and Atmospheric Administration, U.S. Department of Commerce, administered by the Division of Community Planning, Alaska Department of Community and Regional Affairs.

TYONEK/BELUGA COAL AREA Resource Development Proposals

- Duck, Goose, Moose Reserve on State Land
- Other State Ownership (exceptions: small parcels such as U.S. Surveys and Native allotments are not shown.)
