| 8. St. Anne's Church | 21. Wild Situk |
| 9. Savoy Beach Park | 22. Card Lock Fuel (24 hra) |
| 10. Yak-Tat Kwaan Inc. | 23. Alaska Native Brotherhood Hall |
| 11. Yakutat Hardware | |
| 12. US Park Service | |
| 13. Church of Latter-Day Saints | |

Entire Water Area is important for Subsistence Harvesting of Salmon, Marine Invertebrates, Sea Mammals, Birds, and Plants

MAP NOTES
 This map was prepared by the Tlingit-Haida Regional Housing Authority in cooperation with the Alaska Department of Commerce, Community and Economic Development (Commerce) using funding from Housing and Urban Development, the Alaska Native Tribal Health Consortium, City and Borough of Yakutat, and funding from the Initiative for Accelerated Infrastructure Development (IAID). The IAID is supported by grants from the Denali Commission, USDA Rural Development, Alaska Department of Transportation and Public Facilities and Commerce. The Tlingit-Haida Regional Housing Authority contracted with Global Positioning Services, Inc. in May of 2004 to prepare the map.
 This map should not be construed as a survey. On-site surveys should be conducted prior to engineering or construction.
 This map was compiled to meet horizontal and vertical accuracy in accordance with national map accuracy standards.
 Property and utility information has been generated from readily available sources with limited accuracy checks. Property information is not intended to represent a title search of the Recorder's Office records. Utility location is approximate and shows only the main lines as the service lines have been omitted for clarity. Generally, the information is current as of December 2004.
 The Alaska Native Tribal Health Consortium provided sanitation facility records.
 This map is based on photography acquired on May 22, 2004, at a nominal scale of 1 in = 800 ft.
 AeroMap U.S. prepared the orthophoto and topographic mapping. The orthophoto is an aerial photo which has been corrected by rectification to ground control stations, to remove distortions and warpage due to ground topography and aircraft tilt and trim.
HORIZONTAL AND VERTICAL CONTROL
 The horizontal control monument for the digital orthophoto was "USLM 179 1941". Published horizontal datum NAD 1983 coordinates for this monument are North 59° 32' 47.85148" and West 139° 43' 47.32100".
 The vertical control monument for the digital orthophoto was "JUNEAU WAAS 1 CORRS ARP". The published ellipsoid height for this monument is 50.46 feet. "USLM 179 1941" was adjusted to this vertical control using high-precision GPS methods and the adjusted Geoid 99 elevation was calculated to be 56.97 feet above mean sea level(MSL).
 The contours were prepared at two (2) foot contour intervals with index contours every ten (10) feet.

SCALE: 1"=100'
 Date of Photography: June 18, 2004
 Magnetic Declination computed by U.S.G.S. Geomag Program using AK-2000.COF model as of July 01, 2004.
